

## ENGINEERED FOR DESTRUCTION

ITEM NUMBER	MTVBSR02				
CONDITION	Medium to Heavy Oil				
INNER CORE	Sigma™				
COVERSTOCK	MOTIVat-R™				
FINISH	2000 Wet Sand / Power Gel® Polish				
WEIGHTS	16	15	14	13	12
RG RATING	2.46	2.47	2.51	2.57	2.63
RG DIFFERENTIAL	.044	.047	.040	.032	.024
FLARE	5" +				
HOOK	41				
LENGTH	25				
DRIVE	39				

The MOTIV™ SR2 is engineered to destroy pins. The Sigma™ core produces a low RG for easy revs and a high differential for serious track flare. Combine this with MOTIVat-R™ reactive urethane on the cover and you have a deadly weapon of destruction in the palm your hand.

### NeoMark™ Reactive Urethane Graphics

The SR2 jet black coverstock is integrated with orange and white NeoMark™ logo graphics. These graphics are also formulated from MOTIVat-R™ reactive urethane so you have a consistent reaction 360° around the ball surface.

## SCORCH THE COMPETITION

Purple Pearl

Red Pearl

ITEM NUMBER	MTVBQZ1P & MTVBQZ1R
